Emerson Releases 2024 Sustainability Report

Report highlights continued investments in employees, customers, suppliers and communities as Emerson works to make the world healthier, safer, smarter and more sustainable

ST. LOUIS, July 1, 2025 /PRNewswire/ -- Emerson (NYSE: EMR), an industrial technology leader delivering advanced automation solutions, today released its 2024 Sustainability Report, which reflects progress on the Company's ongoing efforts to advance innovation, enhance operational excellence and create lasting value for stakeholders.

In line with Emerson's portfolio transformation into an industrial technology leader, the Company delivered progress in its sustainability initiatives in 2024. Key achievements included a 30% reduction in energy intensity from the 2021 base year, a sustained Total Recordable Injury Rate of 0.30 – comparable to industry safety leaders – and the engagement of over 41,000 employees in regulatory compliance training.
